

Adapter Plates

Did you ever wish that all connectors were the same size? Did you ever wish you only had to cut one size opening in your panel? With the HARTING Adapter Plates, your wishes have come true.

HARTING now offers adapter plates for 6B, 10B, and 16B size connectors that can be placed over a size 24B cutout.

Material: Sheet steel
Surface finish: Powder coated RAL 7032
Delivery includes: 1 piece with adhesive gasket

*Dimensions in mm.

	<u>Part Number</u>	<u>Size</u>
